Mohamed 4 years, Meryem 5 years, Naïma 6 years (a niece of Mohamed and Meryem).

Meryem pours chocolate powder, represented by fine sand, in a pot.

Mohamed, Meryem's brother, wants to help her by adding sand but she refuses.

Mohamed complains that the kilo prepared by Meryem has not the correct weight. Then Meryem hits the powder and adds a bit of 'chocolate' to augment the weight.

Naïma goes making a tajine.

After this play activity follows a visit of the house and Mohamed together with another boy play with a ball in the inner courtyard of the house.
