Video made with a digital photo camera.

Girls 5 years (with blue trouser) and 2 1/2 year (with red trouser).

The two sisters play with a small tent that has been made by the oldest girl.

Before the tent stands a doll with a frame of reed, the television (a big package of tea) and a big car (a long reed with six wheels).

To the right of the tent lay the doll's dresses and a can of Baigon (a spray against insects) representing a fire extinguisher (commonly available in the houses).

The older girl holds in her hands a reed topped with a plastic bottle that she is pointing to heaven while saying in Tachelhit "a Rabbi fêfd amein", "oh God please send water".
